Space
Sports events
Transport

Intent

At St Luke's Park Primary School we inspire pupils to explore new languages and cultures, developing communications skills and fostering an appreciation for global diversity. Our modern foreign languages curriculum emphasises speaking, listening, reading and writing in French.

Implementation

French has been chosen as the modern foreign language for St Luke's Park Primary school because this is the language that children will develop when they move on to local secondary schools in the Wickford area.

The emphasis in French lessons is not only for children to develop their knowledge of vocabulary but that they develop the confidence to 'have a go' even if they are feeling unsure.

French is taught in Key Stage 2 only.

Impact

Pupils at St Luke's Primary School will develop confidence in their ability to communicate in French and a curiosity for a culture different to that of the UK. They will develop an awareness of places beyond their experience and a global mindset.
